

4200 MINI CONTROLLER

PART NUMBER: C-4010

KEY FEATURES:

- 6 programmable momentary or On/Off buttons
- Integrated 2 output wigwag function
- 6 x 3.5 Amp outputs
- LED backlit buttons
- Includes mounting L-brackets and legend sheet
- Rugged weather-resistant enclosure

QUICK FACTS:

- Made in the USA
- Certification: SAE J1113-11
- All-in-one controller with integrated relay
- Universal compatibility
- Over-temperature protection and short circuit protection

SPECIFICATIONS:

Dimensions	4" L x 2.75" W x 0.75" H
Warranty	2 years
Cable Harness Length	10 inches
Testing	
Voltage	12 VDC
Max Current Output	20A
Fuse	125% of circuit draw

WIRING DIAGRAM:

- Red wire= On: 12V (+)
- Black wire= Ground 12V (-)
- Green wire= Activated by switch 1
- White wire= Activated by switch 2
- Blue wire= Activated by switch 3
- Yellow wire= Activated by switch 4
- Brown wire= Activated by switch 5
- Grey wire= Activated by switch 6
