DESCRIPTION:

Introducing the Feniex Q Serial License Plate Mount, bringing the first 5-color, serial perimeter light to the front or rear license plate. Engineered with precision and innovation, this cutting-edge license plate mount offers a spectrum of colors including Blue, Red, Amber, White, and Green, empowering you to command attention and enhance safety in any situation. The Feniex Q Serial License Plate Mount lightheads are built with state-of-the-art serial technology that connects using 2 serial wires to the Q Link device. You can sync up to 48 lightheads to the Q Link device and program any function and color using our intuitive Q Link Software.

- Blue, Red, Amber, White, and Green colors in each module
- Syncs with up to 48 lightheads using one Q Link device
- Comes with unlimited use of Feniex's Q Link Software
- 27 programmable inputs with Q Link device (sold separately)
- Available functions include Flood, Cruise, and Stop Tail Turn and more
- Two Q Serial modules behind a one-piece cast aluminum cover
- License plate remains fully visible through the cover window
