**DESCRIPTION:**

The Feniex Cargo Light is reliable and provides bright illumination for the interior of your vehicle. Heavy-duty polyurethane plastic and aluminum provides maximum protection for your lighting. Each light contains 18 bright LEDs for maximum visibility within the cabin of your vehicle. The slim design offers more space inside your vehicle. The light is mounted as a surface mount, with two built-in mounting locations on the end-caps of the light.

- Each light contains 18 white LEDs
- 2 pin wire harness with red (power) wire and black (ground) wire
- Steady on mode available
- Easy installation with 2 surface mount build-in brackets on each end cap with provided hardware
- Universal mount for all vehicle makes and models
- Polycarbonate plastic and aluminum base
- Anti-yellowing polycarbonate clear lens
